

# iLearnCamp Mobile Refugee Education

This is a questionnaire designated for collecting feedback, analyzing and iterating for development of a state-of-the-art mobile education platform to empower refugee students. Your feedback based on your experience or/and opinions about studying in a foreign country and needs of refugee students in camps will be so useful for us. The initial implementation of the app will help us improve it and further extend its functionalities. Here, we attach a promotional video for showing the motivation and objectives of the project, which we are developing now.

(Watching time: 1 minute 1 second)

Expected questionnaire filling time: 4~8 minutes

Deadline for your response: Dec. 1st @ 11:59 PM Damascus Time.

Thank you in advance for your collaboration!

Email address \*

basel.salahieh@syssr.org

First watch this promotional video please

[https://goanimate.com/videos/01iz-NpN\\_tzk](https://goanimate.com/videos/01iz-NpN_tzk)

And test the mobile app prototype

<https://marvelapp.com/explore/2455749/mobile-refugee-education>

## Personal Information

Please tell us more about yourself!

First Name \*

Basel

Last Name \*

Salahieh

Academic level (last degree) \*

☐ High School

☐ Bachelor

☐ Diploma

☐ Masters

☒ PhD

☐ Other: .....

Languages \*

☒ Arabic

☐ Kurdish

☒ English

☐ Turkish

☐ German

☐ French

☒ Other: Japanese .....

## Country of residency \*

- ☐ Syria
- ☐ Lebanon
- ☐ Jordan
- ☐ Iraq
- ☐ Turkey
- ☐ Egypt
- ☐ Germany
- ☒ Other: USA

## Experience with our prototype

After testing the app in the browser, please share your experience with us!

<https://marvelapp.com/explore/2455749/mobile-refugee-education>

What is your first impression about our solution, could it help solving the problem of lack of physical infrastructure ? \*

- ☐ Yes
- ☐ No
- ☒ Partially

How do you evaluate the usability of the project, including the tablets and solar chargers for students in refugee camps ? \*

	1	2	3	4	5
1 Useless - 5 Usefull	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

How do you evaluate the usability of the app, e.g: simplicity, useful dashboard, navigating through ? \*

	1	2	3	4	5
1 Useless - 5 Usefull	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

How do you evaluate the scalability of the project, e.g: to engage college students, parents, and to distribute the tablets gradually ? \*

	1	2	3	4	5
1 limited - 5 Scalable	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How do you evaluate the app accessibility, knowing that there will be a small version for the students smart phones, e.g: locked version of Android, login form, ... ? \*

	1	2	3	4	5
1 not accessible - 5 easy to access	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

Did you find any drawbacks in the app? Please explain.

Need to work more on the interface, better support communication tools between the instructors and students.

We are supporting three types of educational materials; e-books, video, and learning games. Would you suggest other kinds ? please explain

Need to add translation tools and office support (word, excel, ...) integrated with the solution.

From a student's point of view, do you suggest further improvements?  
Please explain.

Need scheduler assistance for selecting courses, option for study groups, frequent follow up to keep students motivated.

From a teacher's point of view, do you suggest further improvements?  
Please explain.

Need better support for mentoring tools, solid system to track student's progress.

I did not find any drawbacks in the app

We are supporting three types of educational materials; e-books, video, and learning games. Would you suggest other kinds ? please explain

E-book, video and learning games enough

From a student's point of view, do you suggest further improvements?  
Please explain.

I can't find any recommendation system to help student to choose next suitable course

From a teacher's point of view, do you suggest further improvements?  
Please explain.

I suggest adding rating system for student's level to help teachers in learning process
